General Information Sheet

Young plug plants require specific conditions to enable a successful crop, these include;

- Non Stop & Illumination Begonias require heated greenhouse conditions with a minimum temperature of 15°C.
- Plants must be transplanted into larger containers and grown on before planting outside.
- Good quality compost must be used.
- Plants are not for direct planting outside and must be kept protected until the frost has cleared – this is usually towards the end of May but can vary from year to year.

Ordering:

Please fill in and returning the order form provided.

By Hand / Post : to Swincar Nurseries

By Email : info@swincarnurseries.co.uk

We will notify you in advance when your order will be ready, plants must be collected within 7 days.

We cannot guarantee that plants will be ready on a specific date or that different types of plugs will all be ready at the same time. Every season varies, therefore, please factor this into your plans. Plants cannot be kept if the weather turns cold or we are unable to contact you. If you no longer require the plants, please contact us and your order will be cancelled. If, due to seed or crop failure we are unable to fulfill your order, we will contact you to suggest alternatives.

Product Information Sheet

Geraniums "Horizon"

(120 plugs 9th March to 23rd March 2026)

Geraniums are in a tray of 120, which is a slightly larger plug to produce a better plant. These are reliable varieties, which produce flowers on short strong stems, giving excellent garden performance.

Begonias "Semperflorens" - Organdy mixed (Fibrous Rooted)

(330 plugs available from 6th April to 27th April 2026)

(Jumbo 80 plugs available from 13th April to 4th May 2026)

A small flowered bedding begonia, with distinctive bronze and green foliage, forming an attractive background to the red, white, and pink flowers.

Begonia Non-Stop & Begonia Illumination (Trailing)

"Tuberous Begonias"

(Jumbo 80 plugs available from 6th April to 4th May 2026)

Non-Stop Begonias have large showy double flowers on compact plants with a robust habit, ideal for tubs and bedding.

Illumination Begonias are the trailing variety ideal for hanging baskets and tubs. Both have performed outstandingly during the last few seasons.

Petunias- Bedding "Frenzy mixed"

(200 plugs available from 6th April to 27th April 2026)

(Jumbo plugs available from 13th April to 4th May 2026)

Upright petunias for bedding. Good free flowering habit and good weather resistance.

Lobelia & Alyssum -

Due to seed quality and availability we are unable to offer plug plants this year.
